SUBJECT: CIA Training of U. S. Armed Forces

a. Itemize what training you have done for the Armed Forces, for whom, when, and where, since 1 January 1959. Please estimate the proportion or percentage of your (unit's) total time and effort that has been devoted to providing this training support to the U. S. Armed Forces. If possible and appropriate, an estimate of the total man-hours expended on training and preparation would be helpful.

b. Is there a uniform policy under which we accept or reject training requests from the Armed Forces or do we have to get clearance case by case? Illustrate with examples of any glaring discrepancies in CIA responses to different requesters.

c. Include any instances known to you of training requested by the Armed Forces which was denied by the Agency. If possible, state why.

2. Your replies to this request would be appreciated no later than 12 February 1960. At that time, interested individuals will be invited to discuss the implications and problems involved in CIA training and briefing support of DOD components. Not the least of these problems is the CIA internal coordination of such activities. At this time it is contemplated these discussions may lead to the fixing of continual responsibility on Registrar/TR for maintaining a permanent record of all CIA training presented to the Armed Forces.

3. Please address any inquiries with respect to this request to Mr. [REDACTED] Room 17, [REDACTED] extension 3531.
